## FEVER INCREASING.

New Cases Spring Up at Various Points.

SOLE DRUGGIST IN EDWARDS ILL.

Mississippi Board Appealed to For Another Disinfecting Machine In Use at New Orleans — Quarantine Guard Roughly Handled by a Negro.

NEW ORLEANS, Sept. 27.—The fever situation, in spite of the appearance of a rather large number of new cases, may be said to have shown much improvement. Fifteen cases were recorded on the books of the board of health, but there was no death and there have been no deaths since Friday. The authorities received reports during the evening from nearly every patient that is now under treatment, and these were all to the effect that the cases are doing well and that no patient is in any immediate danger of dissolution. Some 40 cases were reported as being rapidly on the mend and a number of them will be discharged during the week. One of the most dangerous cases that have appeared has been discharged.

Prof. Metz has a large number of Formaldehyde generators now at work. He burned in the street the bed clothing and other articles in the house where the man Serres died on Constance street, the clothing first having been subjected to Formaldehyde disinfection. Some discomfort and loss is being suffered by the poorer classes, whose effects have to be burned, but Prof. Metz said that he was hopeful of getting the city to make an application to cover just such cases of distress. Prof. Metz has placed these generators at the railroad depots, and baggage is being promptly and thoroughly disinfected before it is put on trains. The local charity organization is taking steps to relieve all cases of destitution that are presented.

Mrs. S. A. McCubbage died in Ocean Springs of yellow fever. She had been sick for several days and her case had already been reported.

There have been no new cases at Ocean Springs. Reports from the detention camp say that about ten refugees from New Orleans have arrived there and 18 from Biloxi. There is no sickness in the camp save one case of sciatic rheumatism. The patients in the hospital, a mile away from the camp, are recovering.

EDWARDS, Miss., Sept. 27.—New cases, 23; total cases to date, 176; deaths for the day, 1; total deaths to date, 7.

A new case developed at Champion hill, that of Dr. W. A. Champion, and the case is a serious one. Another case is reported at Queen's hill. Both are isolated.

A few more strides, and the fever will have stricken the entire town of Edwards.

Mr. Ethel Crister, our only druggist, has been taken ill, and Dr. Hunter of the state board has been wired for another druggist, immune from the disease.

NATCHEZ, Miss., Sept. 27.—W. H. Hastings, a quarantine guard on the cemetery road, has been assaulted by a negro who attempted to enter the city on a bogus pass and received rough treatment before assistance arrived. The negro was arrested and placed in jail and public feeling is strong against him.

DELHI, La., Sept. 27.—Dr. Guiteras, the United States expert, says that Mrs. Graves, at California, Madison parish, La., has yellow fever.

## A LYNCHING APPLAUDED.

Negro Rapist Strung Up on Sunday on the Public Square of Hawesville, Ky. Women Locked on and Expressed Hearty Approval—Victim Confessed.

HAWESVILLE, Ky., Sept. 27.—The negro who violated the person of Miss Maggie Roberts, near Petri, three miles from here, has been taken from Hawesville jail and lynched.

The negro's name was Bushrod. He was given an opportunity for confession and prayer. His confession was complete. He stated that he was guilty and this was the third offense, one successful effort having been made upon his 60-year-old aunt. After offering up his last supplication, a long and fervent prayer on bended knee, the signal to haul away was given, and with pinioned arms behind, and legs beneath, he was dangled between brick and tree. The applause as he went up was deafening. It only showed the determination of the people.

In about four minutes he was pronounced dead, and Coroner Mitchell, viewing the body cut it down and summoned a jury, whose verdict was that Bushrod came to his death at the hands of unknown parties.

He was taken before the girl for identification and no doubt remained. Four others also added their strength to the identification.

On Sunday, unmasked on a public square of a county seat, not a drunk man and not a pistol fired, a man was hung, and all in a stone's throw of four churches. After the lynching the mob's leader, an Indianan, made a little talk, in which he pointed to the

gruesome corpse, saying: "Here is the protection we offer our wives and daughters."

No action by the authorities against any members of the mob is likely. During the entire time of the lynching not less than 300 women were on the hill and hillside overlooking the public square, and, when his dangling form went up, cheers upon top of cheers from them rent the air. In fact, the women gave a double reassurance to the ones engaged that the proper punishment was being meted out. In the march to the place of lynching it was almost impossible to prevent Bushrod being killed by infuriated men. Twice was Bushrod knocked down, and it is believed by some that he was unconscious when strung up.

## TRACEY NOT TO RUN.

A Belief That New York Republicans Will Compromise.

NEW YORK, Sept. 27.—A conference of the Republican leaders of Greater New York has been held. The conference discussed the arrangements of details for tomorrow's convention and the availability of candidates for comptroller and president of the council.

No action of a decisive nature was taken. A talk with several of the conferees gave the impression that General Tracey's name will not be presented to the convention.

In fact, if the very earnest declaration of some well known and "inspired" statesmen are worth anything at all, the chances of a compromise with the Citizens' union on lines not yet clearly outlined are very good indeed.

The other candidates spoken of are Ashbel P. Fitch to be renominated for comptroller, R. Ross Appleton of Brooklyn for president of the council and probably Thomas L. Hamilton for sheriff.

The United German-American societies of Greater New York have also held a conference. There were 250 delegates present, representing 120 German organizations, claiming to have a total membership of 175,000 voters. Resolutions were passed requesting the Democracy to nominate William Sommer, at present the Tammany register of records, for mayor of the consolidated city, and pledging the party 150,000 votes. An effort to endorse the Chicago platform at the conference was voted down.

The Brooklyn Eagle published the statement that there was positive authority for saying that Seth Low had declared terms by which he would withdraw in favor of a Republican nominee for mayor. Mr. Low, in answer to a direct question, made this reply:

"The statement in The Eagle was made without authority from me and represents me in attitude I have never taken. The reporter unwittingly attributed to me what he could well have attributed to himself."

The article did not attribute any statement to Mr. Low. It said, however, that Chairman Reynolds of the Citizens' Union had verified the report that such terms had been made.

## TWO CARS COLLIDED.

Bad Accident Due to Ignorant Street Railway Crew.

PITTSBURG, Sept. 27.—Two cars of the Pittsburgh and West End Traction company came together at a bend in West Carson street, near Painter's mill, shortly after 1:45 o'clock yesterday afternoon, seriously injuring half a dozen people and slightly injuring many more. The west bound car was on the wrong track and the two cars came together end to end.

Pandemonium reigned for a few minutes, and when the passengers recovered themselves several persons were discovered bleeding and covered with wounds. The fronts of the cars were reduced to debris, and every passenger was more or less shaken up and injured. The list of wounded as far as known is:

John McGarren, motorman. West Carson street, injured about the back and hips and internally.

John Harrison, Elliott borough, badly cut about the face, head and arms by flying glass and timbers.

John McKenna, molder, Independence street, cut and bruised and left arm dislocated.

The motorman and conductor of car 71, bound for Crafton and Ingram, were said to be new in the business and were taking out their first car when the accident occurred. The dispatcher sent them out from the barn on the right track and thought they understood how to work the switch in a proper manner.

When the car reached a switch a short distance below the barn, instead of turning the switch and proceeding on the right hand track toward Crafton, it continued along on the left hand track, on which all east bound cars run. At the bend the motorman on car 77 thought that car 55 was on the other track. He also saw his mistake too late and could not stop in time to avoid a collision.

## Austrian Premier Wounded.

VIENNA, Sept. 27.—A pistol duel has been fought between Count Casimir Badeni, the Austrian premier, and Dr. Wolf, the German Nationalist leader, arising from insults addressed by the latter to the premier during the session of the unterhaus. Count Badeni was wounded in the right hand.

## WOODFORD STIRS DONS

His Arrival in Madrid Causes Great Excitement.

## MAY WITHDRAW THE MINISTER.

This Declared to Be the Intended Policy of the United States in Case Spain Does Not Accept Mediation — Woodford Painfully Impressed.

MADRID, Sept. 27.—The arrival of United States Minister Woodford from San Sebastian has made a sensation. The program of the United States has been ascertained.

This does not contemplate a declaration of war if Spain rejects mediation, but, according to report, an "ostentatious proclamation to the world of disapproval of the Cuban regime by suspending diplomatic relations with Spain and withdrawing the United States minister."

General Woodford has declined to be interviewed on the subject further than to say that his conference with the Duke of Tetuan, the foreign minister, was of the most satisfactory character. The unexpected bitterness of the press and of public opinion has painfully impressed him, but he hopes this will soon be allayed, as he believes his mission favorable to Spanish interests.

STEWART L. WOODFORD.

He cannot comprehend that Spain could reject mediation designed to end an impoverishing war. He has not named a time at which the war must be terminated, but he hopes as the result of his tenders that it will be ended quickly.

He believes the war is inflicting incalculable loss upon the United States and that it is impossible to prevent the organization of filibustering expeditions. Unusual measures were taken to protect Minister Woodford on his journey from San Sebastian to this city, but the trip was quite uneventful. A party of gendarmes, commanded by a sub-lieutenant guarded the southern express on which he was a passenger.

Secret police were posted at the station, and the prefect of police was in waiting to escort him to his hotel. The drive through the streets was marked by no special incident, though several people saluted him, receiving a bow in return.

Some comment has been caused by the fact that Minister Woodford's

family has not accompanied him, but remains behind the French frontier. Minister Woodford explains that his party is a large one, requiring a commodious home, and preferring spending a pleasant October at Biarritz until a suitable residence can be secured here. The legation cannot be used as a residence. General Woodford has already engaged a box at the Royal Opera house and has purchased horses.

## ROBBERS FOILED THEMSELVES.

They Missed Express Car in Cutting In Two a Train.

MOREHEAD, Minn., Sept. 27.—The westbound passenger train on the Northern Pacific railroad has been held up three miles east of here. It is said that the express car carried a large sum of money, which the robbers failed to secure, owing to a blunder in cutting off the cars. The robbery was the coolest piece of work imaginable. Engineer Hoover just after pulling out of Elydon noticed a man on the front platform of the mail car. A few moments later the robber climbed over the tank and at the point of a pistol compelled the engineer to apply the brakes. Three other robbers then came forward bringing the conductor and brakemen.

All mounted the engine, which was again started west. The robbers sat on the tank and ordered the engineer to "keep her moving." Not until the train reached Moorhead was it known that the engine and mail car had been cut off from the balance of the train. Then the robbers discovered that they had not cut deep enough into the train and had failed to secure the treasure said to have been in the express safes. They rapidly despoiled the crew of watches and money and made their escape.

## NATIVES WANT TO QUIT.

Discouraged by the Defeats Administered by the British.

SIMLA, Sept. 27.—The operations against the Mohmuds are proceeding satisfactorily. General Westmacott has completely demolished the headquarters of the haddah mullah, in the village of Jarobi, blowing up all the fortifications.

While this was being done a body of Sepoys was caught in ambush in a defile and sharp fighting ensued, but the Sepoys succeeded in retiring with slight losses.

General Jeffreys reports that he has arranged an armistice of two days to enable the tribesmen to submit, which they seem anxious to do after the repeated beatings they received.

## PROBABLY PEARL BRYAN'S HEAD.

A Gruesome Find by a Boatman Near Cincinnati.

CINCINNATI, Sept. 27.—William Parson, a boatman, while digging for coal in Medoc sand bar on the Kentucky side of the Ohio river found a skull, the lower jaw of which was gone. In the upper jaw were nine teeth. Two front teeth were gold filled. An expert dentist says it is the skull of a woman between 18 and 23 years old. It is supposed to be that of Pearl Bryan, for whose murder Jackson and Walling were hanged. Should that prove true, it has been in the river over 19 months.

## A Request From Weyler.

MADRID, Sept. 27.—Captain General Weyler has cabled a request to the government to send 113 additional administrative officials to Cuba.

## GREAT GOLD STRIKE.

New Field Developed In Washington State.

## DECLARED RICHER THAN ALASKA.

It Is Known as Wire Gold and Can Be Seen by the Naked Eye and Pulled Out With the Fingers—Other Glowing Facts About It.

SEATTLE, Wash., Sept. 27.—The first authentic news concerning Washington's new eldorado, near Mount Baker, and how to get there, is brought to Seattle by E. W. Saportas, president of the information and registry, who, with Frank Crydi and Gus Wagner, experienced miners of Dawson City, went to the scene of the latest excitement last Saturday. According to Mr. Saportas the route is passable and not very difficult until within five miles of the find. The last five miles, however, present obstacles that would forever discourage anyone not an experienced prospector or mountaineer. There is in the mountain and its surrounding heights enough gold, says Mr. Saportas, to keep prospectors for the next ten years. In samples of ore that were brought by the informant Mr. Bogardus, the assayer, by a cursory inspection, declared that free gold existed in exceedingly good quantities.

"I met many men," continued Mr. Saportas, "who came from Mt. Tomohoy (Tomboy) and they all reiterated the stories concerning the great strike of \$10,000 to the ton made in Bear mountain in Tomohoy, and several others have found ore equal to the discovery in Bear mountain."

A special correspondent of The Evening Times sends word from Summas as follows:

"The gold discoveries in the mountains of Whatcom county are beyond any doubt the richest in the annals of the Pacific coast or even in Alaska. So say the most experienced prospectors whom I have accompanied to the scene of the recent 'find.'"

The recent find is in Bald mountain, situated in the northeast portion of Whatcom county, northeast of Mount Baker. The mineral range runs northwest and southwest, and today is located for 30 miles. There is no telling how much further it extends.

The vein in the five claims, Lone Jack, Bennie, Sidney, Lulu and Whist, varies from three to five feet in thickness. It runs under a layer of porphyry ledge in a serpentine manner and auriferous shale appears in the ledge. It is free milling quartz of sugar and rose color, carrying copper and silver. The vein can be traced half a mile. The crippling is under solid porphyry.

"The gold is known as 'wire gold' and can be seen with the naked eye and picked out with the fingers. That great quantities of it exist, there is no doubt. The formation of the range in which the find is located does not look to be very rich in minerals. If there is any placer mining, it has not as yet been demonstrated to be a paying proposition."

## A MORAL YOUNG MAN SUICIDED.

Probably Melancholy Over the Desertion of His Wife.

NEW YORK, Sept. 27.—James C. Miller, 32 years old, of Summit, N. J., has been found dead in a furnished room. The police suspect that Miller committed suicide by poisoning. He was quite melancholy when he retired to his room, and as he failed to show up his apartment was entered and his corpse was then discovered.

From papers found in the furnished room it was ascertained that some time ago Miller was married to Miss Etta Estey, a daughter of J. F. Estey, the iron manufacturer of Brooklyn. The couple could not agree and in a few weeks Miller was deserted by his bride. At the time of the marriage it was said that Mrs. Miller was an heir to \$90,000, but after the separation Miller said that such was not the case.

Miller was a violinist of ability. He was a member of the First Baptist church of Summit, N. J., and a prominent worker in the Young Men's Christian association of that place.

## Opposed to Free Coinage.

PARIS, Sept. 27.—The Journal des Debats contains an article today from the pen of M. Pierre Paul Leroy-Beaulieu, protesting against the proposal of the free coinage of silver in the French mints, which he declares would "compromise the commerce credit and political power of France."

## Greeks Want War Renewed.

ATHENS, Sept. 27.—A large meeting was held Sunday afternoon in Concord square, where a resolution was adopted calling upon King George and the cabinet to renew the war with Turkey rather than accept the terms of peace offered by the peace conference.

## Killed a Wifebeater.

PARAGOULD, Ark., Sept. 27.—At Bertig, a little station on the Paragould Southwestern railroad nine miles east of this place, W. R. Worthy shot and almost instantly killed A. C. Hopkins while the latter was abusing his wife.

A special correspondent of The Evening Times sends word from Summas as follows:

"The gold discoveries in the mountains of Whatcom county are beyond any doubt the richest in the annals of the Pacific coast or even in Alaska. So say the most experienced prospectors whom I have accompanied to the scene of the recent 'find.'"

The recent find is in Bald mountain, situated in the northeast portion of Whatcom county, northeast of Mount Baker. The mineral range runs northwest and southwest, and today is located for 30 miles. There is no telling how much further it extends.

The vein in the five claims, Lone Jack, Bennie, Sidney, Lulu and Whist, varies from three to five feet in thickness. It runs under a layer of porphyry ledge in a serpentine manner and auriferous shale appears in the ledge. It is free milling quartz of sugar and rose color, carrying copper and silver. The vein can be traced half a mile. The crippling is under solid porphyry.

"The gold is known as 'wire gold' and can be seen with the naked eye and picked out with the fingers. That great quantities of it exist, there is no doubt. The formation of the range in which the find is located does not look to be very rich in minerals. If there is any placer mining, it has not as yet been demonstrated to be a paying proposition."

## A MORAL YOUNG MAN SUICIDED.

Probably Melancholy Over the Desertion of His Wife.

NEW YORK, Sept. 27.—James C. Miller, 32 years old, of Summit, N. J., has been found dead in a furnished room. The police suspect that Miller committed suicide by poisoning. He was quite melancholy when he retired to his room, and as he failed to show up his apartment was entered and his corpse was then discovered.

From papers found in the furnished room it was ascertained that some time ago Miller was married to Miss Etta Estey, a daughter of J. F. Estey, the iron manufacturer of Brooklyn. The couple could not agree and in a few weeks Miller was deserted by his bride. At the time of the marriage it was said that Mrs. Miller was an heir to \$90,000, but after the separation Miller said that such was not the case.

Miller was a violinist of ability. He was a member of the First Baptist church of Summit, N. J., and a prominent worker in the Young Men's Christian association of that place.

## Opposed to Free Coinage.

PARIS, Sept. 27.—The Journal des Debats contains an article today from the pen of M. Pierre Paul Leroy-Beaulieu, protesting against the proposal of the free coinage of silver in the French mints, which he declares would "compromise the commerce credit and political power of France."

## Greeks Want War Renewed.

ATHENS, Sept. 27.—A large meeting was held Sunday afternoon in Concord square, where a resolution was adopted calling upon King George and the cabinet to renew the war with Turkey rather than accept the terms of peace offered by the peace conference.

## Killed a Wifebeater.

PARAGOULD, Ark., Sept. 27.—At Bertig, a little station on the Paragould Southwestern railroad nine miles east of this place, W. R. Worthy shot and almost instantly killed A. C. Hopkins while the latter was abusing his wife.

## GAVE OUT A CONTRACT

City Officials Will Show No Favoritism

IN THE REPAIRING OF CITY HALL

Six Bidders Wanted the Work—A. C. Preist Will Hang the Paper and Jas. M. McDole Will Do the Painting—One Man's Request.

At 9 o'clock this morning, in Clerk Hanley's office, President Peach, Member Challis, Mayor Gilbert and Clerk Hanley opened the bids for the repairing of city hall. Only a few bids were received, and the work of awarding the contract was a matter of short duration.

There were six bidders, as follows: Douglass & Baxter, \$213.50; A. C. Preist (paper hanging only), 8 cents a single bolt; T. O. Timmons, \$238; John L. Bernard, \$279; G. W. Campbell, \$275; James M. McDole, \$194.

There was some little discussion as to the bidders, but it was finally decided to let Mr. Preist do the paper hanging, and the painting and graining were given James M. McDole.

The paper for the walls will be bought from one firm, while that for the ceiling will be secured from another. On the bottom of one of the bids was this inscription: "I would like to have this job. I pay the city money, and would like to get some of it back."

President Peach in speaking of the work said: "This work will be done right, and no favoritism will be shown. As to the paper, all firms who sell it will be given an equal share of the order."

### THE OTHER SIDE.

Mr. Tobias Burke Tells His Story to the Public.

EDITOR NEWS REVIEW:—I was misrepresented by the trustees in the account of the sending of my little girl to Columbus, to the asylum for the blind. I did not want to fight with Mr. Lloyd, as I was in no condition to indulge in pugilism, as I am an old man and have lately been very ill. I am not dependent upon the trustees, as I bought a ticket to Columbus for my little girl and placed her in charge of the conductor when I bade her good bye at Mingo Junction. Further, I had made full arrangements with the superintendent of the asylum for the blind, at Columbus, to receive and care for my little girl upon the arrival of the train at Columbus. Trustee Lloyd had not the shadow of right to interfere in my affairs, and he was guilty of grave misconduct when he snatched the ticket from my child's hand, a ticket purchased by me, out of my own private funds.

### DEBS' LABOR CONFERENCE.

Coming Off Today In Spite of Federation's Action.

CHICAGO, Sept. 27.—Eugene Debs says his labor conference will come off today. He said:

"I am exceedingly pleased that the Single Tax league has taken the conference in hand, and will do all I can to aid in the work. I can be present only a portion of today, however, as I must leave on an eastern trip in the interest of the Social Democracy."

"I regret exceedingly that the Federation of Labor has not given the conference its countenance, as it would have added greatly to the success of the session. Unfortunately the idea is prevalent that the object of the conference, as originally designed, was solely in the interest of the mine workers. That would have been practically a side issue. There are matters of weightier and more far-reaching moment to come before the body. In my opinion, it is equally as important as was the St. Louis conference."

### A FATAL STEAMER FIRE.

A Number of Russians Burned While Sleeping—Others Drowned.

ST. PETERSBURG, Sept. 27.—A dispatch from Ufa, capital of the department of Ufa, on the Ufa and the Belala, in Southern Russia, says that the steamer Admiral Gervais, with 200 passengers, while lying off the town took fire while all were asleep.

A terrible panic ensued, owing to the fact that before the passengers could disembark the steamer moved into mid-stream in order not to endanger neighboring vessels.

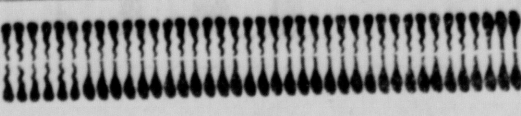

Many passengers jumped overboard to escape the flames. Some were rescued, but many more were doomed.

Two were burned to a crisp and several others seriously. The total number of victims has not yet been ascertained.

## WANTS A PROPOSITION

Soap Company's Agent Sent a Letter.

LIVERPOOL HAS SOME CHANCE

He Will Lay the Communication of the Board of Trade Before the President When He Comes to This Country—Shipping Facilities a Consideration.

The last development in the project to locate a branch of one of the largest soap manufacturing concerns of England in this place is interesting, because it shows that the company recognizes the fact that East Liverpool is looking for industries.

Secretary Travis, of the board of trade, yesterday received a letter from the New York agent of the company which acknowledges the receipt of his communication of last week, and says it will be laid before the company's president as soon as he arrives. Meantime the agent would be pleased to receive a proposition stating just what Liverpool will do to have the plant located here.

The matter of shipping facilities will doubtless be a consideration, and if Liverpool does not secure the prize it will be because of the lack of a competing line of railway.

### HEBREW HOLIDAYS.

This Is the New Year, and Others Will Follow.

This is the Hebrew New Year, and a number of business houses in the city were closed. They will open at 6 o'clock.

According to the Hebrew faith and history Rosch Haschanan begins the first day of the seventh month, which is called Tischri, and according to their calendar, this year will be 5,658. The Hebrew year has had a number of changes in the date at which it is supposed to have begun. There is a national year dating from the month of Nisan which comes in the spring, and is the time when the national life of Israel began with its deliverance out of Egypt. The former, however, is called the religious year and the 5,658 years are the length of time supposed to have elapsed since the creation.

After sunset next Sunday will commence what is known as Memorial day. This will be the big service and it will be interesting in many ways. The service is continued again on Monday morning at 9 o'clock and the Israelites remain in devotion the greater part of the day.

Ten days after Memorial day falls the Day of Atonement, which is also mentioned in the Bible. On that day services will be held from 9 o'clock in the morning until sunset. Four days after that is the Feast of the Tabernacle, or the Harvest Feast. According to the fifth book of Moses this day was celebrated in Jerusalem by the old and young, men and women. Tradition has it that a great procession took place on that day and all of the features of the month were mentioned. While the procession was filling the streets, songs of rejoicing were sung, the popular one of which contained the following lines:

"Blessed are the righteous, who can look back with pride through their younger years; and blessed old age, if it can still be helpful in shaping and forming good and noble deeds."

"A man who repents his sins will find grace in the sight of God and man, but blessed are they who, in the year of their vigor and strength, follow the path of virtue and righteousness."

### The Youth Was Awake.

The son of a well known manufacturer who, by the way, is a typical American youth, announced Friday night that he would sleep with the alarm clock set for 3 o'clock, as he intended to see the circus come in. His mother believed the youngster would feel better if he slept until 5 o'clock, and suggested that the father visit his room before he retired, and change the alarm to that time.

Now it happens that the father does not observe the injunction of "early to bed" etc., and it was nearly midnight when he crept into his son's room, and reached for the clock. He was about to turn forward the hand when the son and heir sat up in bed.

"Hold on, dad," he exclaimed, "you oughtn't to do that."

He had not yet gone to sleep.

### On the River.

Business is still very quiet about the river. The river is now higher than it has been for several weeks, and at noon today the marks at the Broadway wharf registered 2.7 feet. The rise will not last long, and no packets will be up for several weeks.

## TOOK HER HOME DRUNK

The Mother Could Not Care  
For Her Child.

WOULD HAVE BEEN ARRESTED

Had Not the Little One Been There to Com-  
mand the Pity of the Police—A Ceiling  
Dropped—Collided With a Wagon—A  
Family of Players.

It is not often that Wellsville is treated  
to a scene such as that which shocked  
those people who happened to be in  
Third street Saturday night.

The principal figure was a woman,  
and with her was the little child she is  
by every law of humanity expected to  
care for and protect. But on this occa-  
sion she was helpless. The little one was  
caring for itself as best he could and the  
mother was reeling drunk. The police  
would have arrested the woman, but  
the presence of the child compelled their  
pity and they allowed her to go. It is  
said that this is not the first occasion  
when she has filled herself with beer  
and wandering away from home has  
made a spectacle of herself. The hus-  
band is a hard working man, and knows  
nothing of the disgusting happening.

### A Very Sore Lot.

The Athletics met defeat at the hands  
of the Geneva football team in Beaver  
Falls last Saturday, and a very sore lot  
of boys they are today. They are not  
only sore in body, for their opponents  
are big fellows, but they are down-  
hearted as well. They expected to win,  
but the college boys were too much for  
them. They got a goose egg, while  
their opponents made 40 or more. It is  
believed that they will have had enough  
practice before the next game to down  
the best team in this vicinity.

### Collided With a Wagon.

Frank Fuller was riding on his wheel  
near Yellow Creek, on Saturday even-  
ing, and was so unfortunate as to collide  
with a farm wagon. He was rendered  
unconscious, and lay for some time by  
the roadside. When he recovered suffi-  
ciently to proceed he found he was not  
seriously hurt, but had two black eyes  
as mementoes of the occasion.

### Annie Left Town.

Mayor Jones prefers the room to the  
presence of disorderlies who cannot be  
made to obey the law, and on Saturday  
evening gave Annie Murphy ten min-  
utes to leave town. Annie was glad be-  
cause she feared a workhouse sentence,  
and Officer Johnson saw that she did  
not reconsider her determination to  
move out.

### A Novel Game.

A novel game of ball will be played  
at the Wellsville grounds one week  
from Saturday. Jefferson Patterson will  
have a team to play against the Cres-  
cents. John Patterson, the young  
pitcher, will play in his accustomed  
place, and his father, Jefferson Patter-  
son, will fill the box in the picked nine.  
Interest in the game has already ap-  
peared.

### The Ceiling Fell.

Mrs. Asa Morgan narrowly escaped a  
serious accident. Workmen had been  
repairing the residence, and left a sec-  
tion of the ceiling above a stairway in  
poor condition. It fell on her, but as  
luck would have it only a portion of the  
plaster struck her, resulting in painful  
bruises.

### The News of Wellsville.

J. M. Stevenson and H. C. Porter, of  
Cumberland, spent Sunday here with  
friends.

Reverend Bowers delivered a splendid  
sermon yesterday, and the music was  
made a special feature. All the churches  
were filled with unusually large congre-  
gations.

J. Costello, of Lisbon, was here on  
Saturday.

J. S. Cameron, of Sistersville, is in the  
city on business.

Peter Eddy, of Toronto, spent Satur-

The annual convention of the Colum-

ciety will be held in Salem Thursday  
and Friday of this week. Among the  
principal speakers will be Rev. W. H.  
McMillen, of Allegheny, Rev. J. H.

### WILL BEAT ALL RECORDS.

Great Movement of Iron Ore From the  
Upper Lakes.

CLEVELAND, Sept. 27.—From talks  
with iron ore dealers it is learned that  
the movement of ore from the upper  
lake mines this year will beat all  
records. It is now estimated that at  
least 13,000,000 tons will be marketed  
this season, and next spring is likely to  
find all the docks clear. That would  
be unprecedented.

Last year the stocks in the spring  
amounted to 3,000,000 tons. Ninety-  
five per cent of the allotment of the Ore  
association has already been sold and  
prices show a buoyancy under the  
heavy sales. It is believed the ore pool  
which existed prior to last spring will  
be reorganized next spring.

### Delegates to Ohio Synod.

bytery, in session at Fredericksburg,

S. M. Glenn, Wooster; S. L. Boston,

### Bridge Works to Rebuild.

YOUNGSTOWN, Sept. 27.—The Youngs-  
town Bridge company's fire insurance  
has been adjusted, and the amount  
agreed on is \$52,650.77. The total  
amount of the company's insurance  
was \$69,000. A new steel fireproof  
main building, 80 feet wide and 500  
feet long, will be built at once, and is  
planned to be running in 60 days. All  
the other industries of the city are do-  
ing splendidly, and money is loosening  
up in a way that is gratifying to every-  
body.

### Resigned His Charge.

WARREN, Sept. 27.—Rev. William  
Codville, D. D. for seven years pastor  
of the First Baptist church in this city,  
preached his farewell sermon last week  
to a large congregation. Dr. Codville  
is well known in Pittsburg, having  
served as pastor in McKeesport for 15  
years. He has just accepted the pas-  
torate of the Russell Street Baptist  
church, Columbus, and takes charge  
there on Oct. 1.

### Short Skirts on Rainy Days.

YOUNGSTOWN, Sept. 27.—A rainy day  
club has been organized by the leading  
society ladies and has a large and grow-  
ing membership. One of the member-  
ship pledges is to wear a skirt not more

than six and not less than five inches  
from the ground on rainy days, and to  
wear such skirts in public on rainy  
days. The club is already popular and  
growing rapidly.

### Investigating Ohio Railroads.

CLEVELAND, Sept. 27.—Interstate  
Commerce Commissioner Charles A.  
Prouty of Vermont began taking testi-  
mony on the complaint of the American  
Warehouse Men's association against  
various railway companies which are  
charged with discrimination in retain-  
ing freight at their warehouses beyond  
a reasonable time without charge.

### INSURGENT CAPTAIN CAUGHT.

He Was About to Leave Havana In Dis-  
guise on a Steamer.

HAVANA, Sept. 27.—Just as the  
American steamer Concho was leaving  
Havana harbor the police inspector of  
vessels, under orders from the chief  
of police of Havana, boarded the boat and  
placed under arrest a former insurgent  
captain, known by the name of Jacinto,  
Gonzalez and Guterrez, who recently  
surrendered to the Spanish authorities.  
The former insurgent leader was ac-  
companied by his wife.

To the officers of the steamer the  
claim was made that the insurgent  
captain was really Colonel Baldomero  
Acosta, who is said to have entered  
Havana in disguise, suffering from a  
serious illness. The Cuban captain and  
his wife were evidently trying to reach  
the Mexican shore. He was placed  
under arrest on account of documents  
captured by the police, which docu-  
ments, it is claimed, a deserter from  
the Spanish army carried to the Cuban  
camp.

### Killed In a Mine.

CUMBERLAND, Md., Sept. 27.—Near  
Frostburg a miner named H. C. Roice  
of Fellowship, W. Va., was instantly  
killed and his partner and brother-in-  
law, Andrew Hoeg, of Monongah, W.  
Va., was badly mangled and cannot re-  
cover. The accident occurred in Con-  
solidation mine No. 7 and was caused  
by a fall of coal. Both men have fam-  
ilies.

### Beaten Nearly to Death.

PARKERSBURG, W. Va., Sept. 27.—  
Jennie Peters, a little hunchback child,  
was waylaid by an unknown woman  
on Sidney street and terribly beaten,  
and her life is now hanging by a  
thread. The weapon used was a heavy  
club, the assailant taking particular  
pains to beat the child's deformity.  
The cause for the assault is not known.

### Blind Checker Player Sent Up.

NEW YORK, Sept. 27.—Charles Mc  
Guinness, a blind checker player, who  
has been on exhibition in different mu-  
seums of this city and other cities, has  
given himself up to the police, stating  
that he had no home and no money for  
his wants. In a police court he was  
sent to the workhouse.

# WELLSVILLE.

## TOOK HER HOME DRUNK

The Mother Could Not Care  
For Her Child.

### WOULD HAVE BEEN ARRESTED

Had Not the Little One Been There to Com-  
mand the Pity of the Police—A Ceiling  
Dropped—Collided With a Wagon—A  
Family of Players.

It is not often that Wellsville is treated  
to a scene such as that which shocked  
those people who happened to be in  
Third street Saturday night.

The principal figure was a woman,  
and with her was the little child she is  
or every law of humanity expected to  
care for and protect. But on this occa-  
sion she was helpless. The little one was  
crying for itself as best he could and the  
mother was reeling drunk. The police  
would have arrested the woman, but  
the presence of the child compelled their  
pity and they allowed her to go. It is  
said that this is not the first occasion  
when she has filled herself with beer  
and wandering away from home has  
made a spectacle of herself. The hus-  
band is a hard working man, and knows  
nothing of the disgusting happening.

### A Very Sore Lot.

The Athletics met defeat at the hands  
of the Geneva football team in Beaver  
Falls last Saturday, and a very sore lot  
of boys they are today. They are not  
only sore in body, for their opponents  
are big fellows, but they are down-  
hearted as well. They expected to win,  
but the college boys were too much for  
them. They got a goose egg, while  
their opponents made 40 or more. It is  
believed that they will have had enough  
practice before the next game to down  
the best team in this vicinity.

### Collided With a Wagon.

Frank Fuller was riding on his wheel  
near Yellow Creek, on Saturday even-  
ing, and was so unfortunate as to collide  
with a farm wagon. He was rendered  
unconscious, and lay for some time by  
the roadside. When he recovered suffi-  
ciently to proceed he found he was not  
seriously hurt, but had two black eyes  
as mementoes of the occasion.

### Annie Left Town.

Mayor Jones prefers the room to the  
presence of disorderly who cannot be  
made to obey the law, and on Saturday  
evening gave Annie Murphy ten min-  
utes to leave town. Annie was glad be-  
cause she feared a workhouse sentence,  
and Officer Johnson saw that she did  
not reconsider her determination to  
move out.

### A Novel Game.

A novel game of ball will be played  
at the Wellsville grounds one week  
from Saturday. Jefferson Patterson will  
have a team to play against the Cres-  
cents. John Patterson, the young  
pitcher, will play in his accustomed  
place, and his father, Jefferson Patter-  
son, will fill the box in the picked nine.  
Interest in the game has already ap-  
peared.

### The Ceiling Fell.

Mrs. Asa Morgan narrowly escaped a  
serious accident. Workmen had been  
repairing the residence, and left a sec-  
tion of the ceiling above a stairway in  
poor condition. It fell on her, but as  
luck would have it only a portion of the  
plaster struck her, resulting in painful  
bruises.

### The News of Wellsville.

J. M. Stevenson and H. C. Porter, of  
Cumberland, spent Sunday here with  
friends.

Reverend Bowers delivered a splendid  
sermon yesterday, and the music was  
made a special feature. All the churches  
were filled with unusually large congre-  
gations.

J. Costello, of Lisbon, was here on  
Saturday.

J. S. Cameron, of Sistersville, is in the  
city on business.

Peter Eddy, of Toronto, spent Satur-  
day and Sunday with friends here.

### COUNTY CONVENTION.

Christian Endeavorers Will Meet in  
Salem.

The annual convention of the Colum-  
biana County Christian Endeavor so-  
ciety will be held in Salem Thursday  
and Friday of this week. Among the  
principal speakers will be Rev. W. H.  
McMillen, of Allegheny, Rev. J. H.  
Bomberger, of Columbiana, state pres-  
ident and Doctor Lee. East Liverpool  
will be well represented at the meeting.

Join the crowd and see the new style shoes  
Just received at WARNER'S.

Remember, only solid leather footwear tolerated.  
Resist buying! You can't do it.

What we'ns don't know about shoes  
ould fill volumes, perhaps. We cant' say.

And for men we have a great line of HEAVY SOLES,  
all leather, leather lined, water resisters.

Remember, it's deeds, and not words,  
Results, not intentions, that win.

Never have we had such SWELL STYLES for ladies,  
Nor such an array of beauties for babies.

Endurance, style, quality, price---  
every feature is just as it should be.

Roam all through the city stores,  
Receive their lowest price, and we'll beat it.

### WILL BEAT ALL RECORDS.

Great Movement of Iron Ore From the  
Upper Lakes.

CLEVELAND, Sept. 27.—From talks  
with iron ore dealers it is learned that  
the movement of ore from the upper  
lake mines this year will beat all  
records. It is now estimated that at  
least 13,000,000 tons will be marketed  
this season, and next spring is likely to  
find all the docks clear. That would be  
unprecedented.

Last year the stocks in the spring  
amounted to 3,000,000 tons. Ninety  
five per cent of the allotment of the Ore  
association has already been sold and  
prices show a buoyancy under the  
heavy sales. It is believed the ore pool  
which existed prior to last spring will  
be reorganized next spring.

### Delegates to Ohio Synod.

WOOSTER, Sept. 27.—Wooster pres-  
bytery, in session at Fredericksburg,  
elected delegates as follows to the Ohio  
synod, which meets at East Liverpool  
next week: Ministers, Elias Compton,  
S. M. Glenn, Wooster; S. L. Boston,  
Creston; G. S. Hackett, Applecreek;  
J. P. Hutchison, Shreve; W. W. An-

For Prosecutor, J. H. Brookes of Liver-  
pool township.  
For Infirmary Director, C. D. Filson of Cen-  
ter township.

CHAPMAN posing as the champion of  
labor almost reminds one of the ancient  
but wicked gentleman who masqueraded  
in the livery of heaven.

THERE have been so many fizzles to  
date in the Democratic campaign that  
it is a wonder McLean does not interfere,  
and demand something a little more pro-  
lific of results from the hand of Friend  
O'Myers.

COMMISSIONER OF IMMIGRATION POW-  
DERLY will do a great work if he can  
convince congress that the time for  
action has arrived and there must be  
stringent laws to keep out the anarchists  
and others of the offscouring of Europe.  
There is no good reason why the fairest  
land under the sun should be made the  
dumping ground for some of humanity's  
poorest specimens.

## A TRUE MAN.

These words possess deep significance.  
A true man is wanted at the head of  
municipal affairs in East Liverpool. The  
chief magistrate of this busy city should  
be a man above reproach, of clean life  
and pure character. He should be a man  
of true courage, appreciating, in its full-  
est and truest sense, the nature of his  
oath of office, compelling him to enforce  
existing laws and ordinances. The NEWS  
REVIEW is staunchly Republican in  
principle, and therefore desires that a  
TRUE MAN shall be nominated by the Re-  
publican party for the berth of mayor at  
the coming primaries. The grand old  
party cannot afford to nominate any  
other than a true man and a good citi-  
zen—a man who will reflect credit upon  
party and city alike. Let every true  
Republican be wide awake to the neces-  
sity of the hour.

## THE DEAR OLD BIBLE.

Reverend Reed, pastor of the Christian  
church, delivered a grand eulogy on  
God's inspired word last night, in the  
presence of a deeply attentive audience.  
The Book of books is with us to stay,  
thank God, in pew and pulpit, in home  
circles and in the public schools of East  
Liverpool. God will bless the men and  
women who read, study and profit by  
His inspired word, and will surely punish,  
here and hereafter, those who attempt  
to decry and deny the Book. The hand  
writing is on the wall. God wants no  
cowards in the ranks of His army. In  
the heat of the conflict the TRUE soldier  
is in demand. Cowards and shirkers  
can look well upon dress parade and in  
the bivouac or camp; but the battlefield,  
with its dangers and stern realities, tests  
the mettle of the man. God's inspired  
word must be obeyed, and it's teachings,  
if conformed to, will save this great  
nation and make it the leader in the  
civilizing and Christianizing of the  
world.

## THE NEWS REVIEW LEADS.

Its Advertising Patronage Exceeds That  
of Any Local Publication.

The NEWS REVIEW of last Friday was,  
when advertising is considered, the  
best issue of a local newspaper ever  
given the people of East Liverpool.

Compared with the issue of what aims  
to be its competitor and of which the  
Saturday paper sent out from the same  
office had much to say, Friday's NEWS

REVIEW is a jewel. Of advertisements  
it contained 528 inches, while the lower  
region sheet, with all its boasting, only  
succeeded in gathering together 488  
inches. Another matter of interest in  
this connection is that the NEWS RE-  
VIEW's advertisements are almost all  
the announcements of local business  
houses, the foreign matter occupying  
less than a column of space. Can such  
be said of the publication whose sole  
ambition is to pose as the rival of the  
NEWS REVIEW? This paper does not  
advertise the concerns which come in  
competition with local business men.  
It believes in applying the principle of  
protection to home and home invest-  
ments. The lower region sheet takes  
anything and everything in the way of  
advertisements, it matters not how the  
advertisement may injure some local  
institution.

Friday was the big day. Now turn to  
Saturday, an ordinary day, which shows  
the average business of a newspaper.  
The NEWS REVIEW had 92 inches more  
advertising than the lower region sheet,  
or eight columns and two inches. Is it  
necessary to press that point farther?  
As to news. The NEWS REVIEW al-  
ways has all the news all the time.  
Filthy, sensational stories it never has.  
It does not want them. But of pure,  
clean local matter, invariably scooping  
the other, it never has less than 10  
columns. In no consideration is the  
news matter ever cut down. Of a truth  
the lower region sheet is not much of a  
newspaper.

## EARLY CLOSING

Is Being Asked by the Grocery Clerks For  
the Winter.

The agreement among the grocers to  
close their places of business at 7 o'clock  
expires this week, and this morning a  
new petition was started. It requests  
that all grocery and provision houses  
close every evening at 7 o'clock, except  
the evening preceding holidays and  
Saturday and Monday evenings. The  
butchers are also asked to close every  
evening except Friday and Saturday. It  
is thought by the clerks that little per-  
suasion will be needed to secure the sig-  
natures of the merchants, owing to the  
success of the plan in the past.

## ROBISON'S CASE

Will Be Heard In Circuit Court Tomor-  
row.

LISBON, Sept. 27. — [Special] — The  
Salem electric railway power house was  
sold by Deputy Supplee from the court-  
house steps this afternoon to Ira S.  
Brainard, plaintiff to the action of  
Brainard against the road, for \$2,666.67.  
Judges Laubie and Burrows arrived  
here this afternoon and will begin the  
work of circuit court today. Judge  
Frazier will not be here until this even-  
ing. Tomorrow morning the case of  
Zach Robison will be heard.

## WILL CUT THE RATES.

Captain Pusey Will Also Buy a New  
Boat.

Last week Elwood Pusey began nego-  
tiations for the purchase of the Clara C.  
Campbell, a ferryboat now running be-  
tween Rochester and Monaca. The deal  
will be completed this evening. The  
Dispatch will then be sold to parties  
down the river. When the Clara Camp-  
bell is brought to this city a reduction in  
the rates from this side to the Virginia  
shore will follow. It is the intention of  
Captain Pusey to sell an interest in his  
business.

## Damaged a Carriage.

A carriage owned by John Rinehart  
was badly damaged Saturday night  
while going down Jethro road. The  
accident was caused by the carriage  
stopping, and another following, con-  
tinued its journey, running the pole  
through it. There were several people  
in the conveyance, but all escaped injury.

I take pleasure in saying that we have  
used Tonsiline in the family for ulcerated  
sore throat, and it not only seemed to pre-  
vent the attack from being so severe as  
formerly, but cured the throat completely in  
a very few days. When any one of us has  
sore throat of any kind, the rush is for the  
Tonsiline bottle, and that is the last of it.  
It is certainly a most excellent remedy.

## WE ARE OUT THIS YEAR

Unless the Democrats Make a Hard Fight.

### NOT MUCH OF THE CAMPAIGN

Will Be Seen In This County—Unless the Friends of Silver Put Up a Fight—There Will Be a Few Reminders of the Coming Election.

The people of Columbiana county will see very little of the campaign unless the Democrats make a determined stand, and that is not now expected.

The efforts of the state committee are being directed to carry those counties where the Democrats are sending money and speakers, and but little attention is being paid to those sections where the McLean influence has not appeared. Chairman Nash, however, has his eyes open and is keeping careful watch in every county.

To the present time the Democrats have made no effort to disturb the equanimity of the situation, and none of any considerable proportions is expected. The Republicans will therefore be quiet, and few meetings will be held until the silver people grow active. No date for the formal opening of the campaign is given, but a few meetings will be held in the county to remind the people that they are expected to go to the polls on election day and support the ticket of prosperity.

### IT WILL PAY YOU.

You Want Good Goods and You Want Low Prices.

You can have these wishes gratified by calling at the Surprise Clothing House, corner of Sixth street and East Market, and seeing and securing the handsome and well made suits, nobby and stylish, which are being disposed of at such low prices as to cause dismay to rival dealers. Have you seen Feldman's superbly handsome overcoats? No merchant tailor in the land can turn out handsomer goods. They are exquisite in design, material and make up. Don't forget to inspect the fine line of Hats, Caps, neckwear and gent's furnishings. Read the advertisement on last page of this paper on Tuesday, September 28. There's money saving in it for you.

### FOR THE HUMANE SOCIETY.

L. L. Golden Was Made an Officer Today.

L. L. Golden is no longer a special officer of the city. This morning he turned over his badge to Chief Johnson and bid the officials about city hall adieu. Mr. Golden now represents in this city the Columbiana County Humane society, and the mayor this morning swore him in as an officer of that institution. It is the intention of the new man to devote all his time to it.

### A Dangerous Bed.

A folding bed yesterday morning came near causing the serious injury of Mrs. William Wells and her grandchild. Mr. Wells was pushing the bed out from the wall, in order that he might enter a wardrobe, when the bed started to fold with Mrs. Wells and the child in it. Mr. Wells managed to get his shoulder under it, and stopped the folding process.

### Plenty of Coal.

This morning there was an unusually large amount of coal in the local yards. One dealer has no less than 10 cars on his siding, and throughout the yards there are 23 cars of coal, or 11,500 bushels. This is the largest amount that has been in the city at one time since river coal stopped coming.

### A Distinguished Visitor.

Miss Florence L. Hess, state secretary of the King's Daughters, will be entertained in the Methodist Protestant church on the evening of Nov. 3. It is the first time the lady has been in the city, and elaborate preparations are being made for her entertainment.

### A Happy Occasion.

Mr. and Mrs. William Hall Saturday evening celebrated the twentieth anniversary of their marriage at their home in Fourth street. A large number of invited guests were present, and the happy couple were recipients of many handsome and useful presents.

### A Tumble.

Saturday afternoon a drunken man attempted to board a west bound street car in the Diamond, and was thrown to the ground, alighting on his back. Spectators assisted the fellow to his feet, and he staggered off none the worse for his hard tumble.

Royal makes the food pure, wholesome and delicious.

### AFTER WE WENT TO THE CIRCUS.

The Observations of A Party Who Was There.

The following is from the pen of a resident who went to the circus and graphically describes the condition which exists in the city today; it was written especially for the NEWS REVIEW:

We were a quiet and sober set,  
Little accustomed to noise and fret,  
Decent and modest at work or play,  
And oh, so proper in every way.

Before we went to the circus.

Nobody had ever seen us go

At all too fast, or at all too slow;

No matter how gaily we talked or sang.

We never had used a word of slang

Before we went to the circus.

We went to church or we went to school

By the very best orthodox kind of rule;

For we were a people of Dnt off descent,

And rather phlegmatic in temperament.

Until we went to the circus.

Alas and alas! 'tis a woful sight

The way we are changed at the time I

write.

Father is swaying against the breeze,

Hung by the toes from a high trapeze

Trying to copy the circus.

The boys on their heads, with feet in

the air,

Are riding wild horses on each high

chair;

Or down on their backs on the side-

walk brick

Are balancing tubs for a juggling

trick;

And the girls have painted hands and

face,

And got themselves up for an Indian

race.

As they saw them do at the circus.

Mother high on the table stands,

Swinging the baby with both her hands,

Swinging the baby with many a rub,

And brandishing him like an Indian

club;

While baby himself, in a terrible fright,

Howls like a Zulu from morn till night.

Since we went to the circus.

Alas and alas! I can only say,

I wish in the night, I wish in the day,

I wish with my heart, I wish with

my head,

I wish with my ears, which are nearly

dead.

I wish with a sort of mute despair.

I wish with a shriek that would rend

the air,

We never had gone to the circus!

I-WAS-THERE.

## NO CHANCE TO ROOT

The Boys Who Went to Rochester Were Disappointed.

### PHIL M'SHANE WAS VERY WILD

He Gave a Lot of Bases on Balls and Hit Five Men—East Liverpool Did Well in the Field, but That Was All—A Disastrous Game.

The Rochester ball team Saturday afternoon defeated Liverpool by a score of 10 to 4.

The home team was accompanied by a large crowd of rooters, but they didn't get a chance to use their voices. Liverpool played an excellent fielding game, and the feature was a catch of a foul tip by Smurthwaite in the eighth inning. A triple play by Davis, Heckathorn, Smurthwaite and Kennedy surprised the Rochester club. The team lined up as usual except that Carey and Smurthwaite filled the places of Godwin and Hester.

The game was lost through the wildness of McShane who gave eight bases on balls, hit five men and had three wild pitches. The score:

	R.	H.	E.
Rochester.....	0	2	2
Liverpool.....	0	0	1
Batteries—	Pearson and Shotwell; McShane and Davis.	10	12
	4	10	1

There will be no more ball games here this season, but it is probable the team will next Saturday go to Cumberland.

Several new men will be added to the Monarchs, and they will commence practice at once, and expect to go to Wheeling, Saturday with a strong eleven.

The McDonald association team have written here asking for a game with the Rovers for Saturday, Oct. 16.

### TALKED ABOUT CHANGE

And John Milliron Now Has a Sore Face.

Saturday afternoon John Milliron engaged in a dispute with the ticket man of the side show about the amount of change given him, and the altercation resulted in blows. John received a blow across his nose with a blackjack that put him out. His nose was severely cut and will be sore for several days.

### WILL BE HEARD NEXT WEEK.

Doctor Shay's Case Is Listed For Trial In Cleveland.

In the list of cases assigned for hearing in the United States court of the northern district of Ohio is that of Elizabeth Deveney against O. D. Shay for breach of promise. The case will be called Oct. 5.

### In Lisbon.

LISBON, Sept. 27.—[Special.]—The executors of the estate of Benjamin Lee, of Liverpool, have taken judgment against J. J. Purinton for \$2,927. Eight years ago he gave a note to T. L. D. Worcester, and the note was transferred to Lee.

Patrick Jennings, who was convicted of failure to support his family, was released last night on his promise to go to work. He gave bond for the fulfillment of his promise.

### Special Services.

Missionary Fathers Kress and Graham, of the Catholic church, will be in the city within a few weeks. They will remain several days, and conduct special services each evening.

## GOES TO PRESBYTERY

Reverend Norris' Case Will Be Considered.

### THE CONGREGATION IS DIVIDED

Some Think He Is Right and Others Uphold Him in His Position—Conducting Services at the Christian Alliance, Where They Lean Toward Faith Cure.

The conversion of Reverend Norris to the holiness belief continues to give the newspapers of Pittsburg something to consider. The Dispatch of yesterday, in reviewing the possibility of the gentleman being asked to resign, says:

"When presbytery meets at Monongahela City on Tuesday some action will probably be taken toward securing a new pastor for the Mt. Washington Presbyterian church, which is at present being presided over by the Rev. John H. Norris, who is now a convert to the holiness belief, and has been preaching holiness from his pulpit for the past month, in direct violation of the catechism of the Presbyterian doctrine.

"The congregation is still very much worked up over the actions of the minister. He has a great many friends among his flock, and all have hesitated about bringing the matter up in the congregational meetings, but many think that he should be removed, and in order to avoid all hard feelings the matter will likely be brought up in an indirect manner in the presbytery, when Rev. Mr. Norris will be asked for an explanation of his actions. He will, however, be well supplied with proofs that he is not violating any rules, and that his new belief is founded entirely upon the teachings of the Gospel.

"At every service in the Mt. Washington church hundreds of people assemble, many of them drawn there simply out of curiosity, and still as many others believers in the faith that Mr. Norris is preaching. Today the pastor, in addition to filling his pulpit both morning and evening, will conduct the services this afternoon in the Christian Alliance church, on Congress street. This denomination has a belief something on the same order as the Free Methodists, and some members lean strongly to faith cures."

### HAS CHARGE OF THE LINE.

Chief Ward Is a Noted Catcher of Criminals.

Chief Ward, of the Cleveland and Pittsburg detective force, was in the city last Saturday, keeping his big black eyes wide open in the search for criminals, but he had an easy time of it. The Pinkerton detectives who accompany the show have been so successful that no noted crooks are now with the organization.

Chief Ward, who would readily be selected as the handsomest man in almost any crowd, presides over 15 railroad detectives whose work has almost rid the Cleveland and Pittsburg of professional thieves and bums. He is a noted man hunter, and has brought many a dangerous character to justice. He is known by all of them, and feared as much as he is hated. His headquarters are at Cleveland, but his duties take him to other stations along the line.

### TWO ARRESTS

Were Made by the Police in Two Days.

Business in police circles during Saturday and yesterday was very quiet, and during the two days only two arrests were made.

Saturday afternoon Officer Earl put John and Slick Woolly in the coop for acting disorderly at the ball park. Instead of ringing up the patrol as was the special order for the day, the men were walked to jail. At the hearing this morning John was fined \$7.60 and his brother \$6.60.

### BURIED HIS BROTHER.

The Remains of Lawrence McGarry Have Been Interred.

A telegram has been received here from M. J. McGarry which announces that his brother, Lawrence McGarry, had been killed at Galesburg, Ill., on the railroad. The remains were laid to rest in that place yesterday. Mr. McGarry will return here Wednesday morning.

"The Cemetery of the Sea," Prof. F. W. E. Peschau's lecture, Y. M. C. A. hall, Tuesday, Sept. 28. Tickets, W. W. Pharmacy and Wilson Stationery.

### The New Service.

Postmaster Miskall began today to dispatch mails on train 359 going west at 10:05 and train 360 going east at 4:20. In the past mails have been taken from these trains, but none has been sent out.

### MORE COLLIERIES RESUME.

A Conference at Hazleton Today Regarding Withdrawing All Troops.

HAZLETON, Pa., Sept. 27.—Nothing new has developed in the strike region, and the day passed quietly. All the collieries resumed today, some for the full week, others for part of the week. General Gobin and his staff rode to Audenried Sunday afternoon, and in the evening the Ninth regiment gave a dress parade. It is announced at headquarters that the Fourth regiment is to be withdrawn tomorrow. The Fourth is stationed at Drifton. A conference is being held today to decide on the withdrawal of other troops. The failure of the coroner's jury to arrive at a verdict is variously commented upon. Another meeting of the jury is to be held this evening, when it is expected a verdict will be rendered.

A meeting of miners was held at Freeland Sunday, at which several prominent labor leaders, including General Organizer Fahey of the United Mine workers, were present. The meeting was held behind closed doors and nothing was given out. It is known, however, that the miners are being more thoroughly organized, so that in the event of another strike they will have a leader and organization.

A gang of roughs broke into Squire Robinson's office at Audenried and demolished considerable furniture. Later the residence of Mine Superintendent Gomer Jones was stoned. Robinson refused to issue a warrant for Jones' arrest several weeks ago, and this is supposed to be the cause of the raid made on his office.

### WEATHERED A HURRICANE.

A Schooner Arriving at New York Reports Severe Experience.

NEW YORK, Sept. 27.—The four-masted schooner Goodwin Stoddard has arrived in port from Fernandina, Fla., and reported a severe experience during the hurricane which prevailed off the southern coast during the past week. On Sept. 18 Nils Svensden, one of the crew, a Norwegian, fell from the spanker masthead to the deck and was instantly killed. On the 23d the schooner Katie J. Ireland was sighted flying a distress signal. She was sinking and had lost all her boats. The Stoddard took off the crew of the Ireland, consisting of Captain Crockett and seven men, and the Ireland sunk one hour and forty minutes later in latitude 32:56, longitude 77:25.

The Ireland was bound from Baltimore for Wilmington, N. C., with a cargo of scrap iron. None of the rescued men saved any of their effects. The Ireland was built at Coopers Point, N. J., in 1883, and was owned in Baltimore. Her tonnage was 596 tons.

### Street Preacher Dead.

CUMBERLAND, Md., Sept. 27.—Rev. John McElfish, the eccentric open air evangelist, who was found on a boat near this city a day or so ago in an unconscious condition with his head cut, has died here. He was about 40 years of age, a native of Flintstone, this county, and his preaching on the streets always attracted large crowds.

### Attacked With Hydrophobia.

SCRANTON, Pa., Sept. 27.—Physicians have been called to attend John P. Jordan of this city, whose 10-year-old son was on Friday night the second person to die out of 11 bitten by a mad bulldog last March. During his ravings the little fellow's teeth grazed his father's arm and hydrophobia set in.

## GOES TO PRESBYTERY

Reverend Norris' Case Will Be Considered.

### THE CONGREGATION IS DIVIDED

Some Think He Is Right and Others Uphold Him In His Position—Conducting Services at the Christian Alliance, Where They Lean Toward Faith Cure.

The conversion of Reverend Norris to the holiness belief continues to give the newspapers of Pittsburgh something to consider. The Dispatch of yesterday, in reviewing the possibility of the gentleman being asked to resign, says:

"When presbytery meets at Monongahela City on Tuesday some action will probably be taken toward securing a new pastor for the Mt. Washington Presbyterian church, which is at present being presided over by the Rev. John H. Norris, who is now a convert to the holiness belief, and has been preaching holiness from his pulpit for the past month, in direct violation of the catechism of the Presbyterian doctrine.

"The congregation is still very much worked up over the actions of the minister. He has a great many friends among his flock, and all have hesitated about bringing the matter up in the congregational meetings, but many think that he should be removed, and in order to avoid all hard feelings the matter will likely be brought up in an indirect manner in the presbytery, when Rev. Mr. Norris will be asked for an explanation of his actions. He will, however, be well supplied with proofs that he is not violating any rules, and that his new belief is founded entirely upon the teachings of the Gospel.

"At every service in the Mt. Washington church hundreds of people assemble, many of them drawn there simply out of curiosity, and still as many others believers in the faith that Mr. Norris is preaching. Today the pastor, in addition to filling his pulpit both morning and evening, will conduct the services this afternoon in the Christian Alliance church, on Congress street. This denomination has a belief something on the same order as the Free Methodists, and some members lean strongly to faith cures."

### HAS CHARGE OF THE LINE.

Chief Ward Is a Noted Catcher of Criminals.

Chief Ward, of the Cleveland and Pittsburgh detective force, was in the city last Saturday, keeping his big black eyes wide open in the search for criminals, but he had an easy time of it. The Pinkerton detectives who accompany the show have been so successful that no noted crooks are now with the organization.

Chief Ward, who would readily be selected as the handsomest man in almost any crowd, presides over 15 railroad detectives whose work has almost rid the Cleveland and Pittsburgh of professional thieves and bums. He is a noted man hunter, and has brought many a dangerous character to justice. He is known by all of them, and feared as much as he is hated. His headquarters are at Cleveland, but his duties take him to other stations along the line.

### TWO ARRESTS

Were Made by the Police in Two Days.

Business in police circles during Saturday and yesterday was very quiet, and during the two days only two arrests were made.

Saturday afternoon Officer Earl put John and Slick Woolly in the coop for acting disorderly at the ball park. Instead of ringing up the patrol as was the special order for the day, the men were walked to jail. At the hearing this morning John was fined \$7.60 and his brother \$6.60.

### BURIED HIS BROTHER.

The Remains of Lawrence McGarry Have Been Interred.

A telegram has been received here from M. J. McGarry which announces that his brother, Lawrence McGarry, had been killed at Galesburg, Ill., on the railroad. The remains were laid to rest in that place yesterday. Mr. McGarry will return here Wednesday morning.

"The Cemetery of the Sea," Prof. F. W. E. Peschan's lecture, Y. M. C. A. hall, Tuesday, Sept. 28. Tickets, W. W. Pharmacy and Wilson Stationery.

### The New Service.

Postmaster Miskall began today to dispatch mails on train 359 going west at 10:05 and train 360 going east at 4:20. In the past mails have been taken from these trains, but none has been sent out.

### MORE COLLIERIES RESUME.

A Conference at Hazleton Today Regarding Withdrawing All Troops.

HAZLETON, Pa., Sept. 27.—Nothing new has developed in the strike region, and the day passed quietly. All the collieries resumed today, some for the full week, others for part of the week. General Gobin and his staff rode to Audenried Sunday afternoon, and in the evening the Ninth regiment gave a dress parade. It is announced at headquarters that the Fourth regiment is to be withdrawn tomorrow. The Fourth is stationed at Drifton. A conference is being held today to decide on the withdrawal of other troops. The failure of the coroner's jury to arrive at a verdict is variously commented upon. Another meeting of the jury is to be held this evening, when it is expected a verdict will be rendered.

A meeting of miners was held at Freeland Sunday, at which several prominent labor leaders, including General Organizer Fahey of the United Mine workers, were present. The meeting was held behind closed doors and nothing was given out. It is known, however, that the miners are being more thoroughly organized, so that in the event of another strike they will have a leader and organization.

A gang of roughs broke into Squire Robinson's office at Audenried and demolished considerable furniture. Later the residence of Mine Superintendent Gomer Jones was stoned. Robinson refused to issue a warrant for Jones' arrest several weeks ago, and this is supposed to be the cause of the raid made on his office.

### WEATHERED A HURRICANE.

A Schooner Arriving at New York Reports Severe Experience.

NEW YORK, Sept. 27.—The four-masted schooner Goodwin Stoddard has arrived in port from Fernandina, Fla., and reported a severe experience during the hurricane which prevailed off the southern coast during the past week. On Sept. 18 Nils Svensden, one of the crew, a Norwegian, fell from the spanker masthead to the deck and was instantly killed. On the 22d the schooner Katie J. Ireland was sighted flying a distress signal. She was sinking and had lost all her boats. The Stoddard took off the crew of the Ireland, consisting of Captain Crockett and seven men, and the Ireland sunk one hour and forty minutes later in latitude 32:56, longitude 77:25.

The Ireland was bound from Baltimore for Wilmington, N. C., with a cargo of scrap iron. None of the rescued men saved any of their effects. The Ireland was built at Coopers Point, N. J., in 1883, and was owned in Baltimore. Her tonnage was 596 tons.

### Street Preacher Dead.

CUMBERLAND, Md., Sept. 27.—Rev. John McElfish, the eccentric open-air evangelist, who was found on a boat near this city a day or so ago in an unconscious condition with his head cut, has died here. He was about 40 years of age, a native of Flintstone, this county, and his preaching on the streets always attracted large crowds.

### Attacked With Hydrophobia.

SCRANTON, Pa., Sept. 27.—Physicians have been called to attend John P. Jordan of this city, whose 10-year-old son was on Friday night the second person to die out of 11 bitten by a mad bulldog last March. During his ravings the little fellow's teeth grazed his father's arm and hydrophobia set in.

## DRAGGED IN A STREET

William Ackerman Was Almost Killed.

### HIS BIG HORSE RAN AWAY

The Driver's Feet Became Tangled In the Lines, and He Was Pulled From the Wagon With What Was Feared Would Be Fatal Results.

A runaway in West Market street about 7:30 Saturday evening nearly resulted in the death of William Ackerman, better known as "Kennedy Bill." Ackerman drives for a wholesale liquor firm in West Market street, and as he was nearing Brindley's corner one of the back wheels of his wagon locked in those of a buggy containing Jefferson Tyse and his wife, who were on their way home to California hollow. This frightened Ackerman's horse, and as the jerk the horse gave tangled his feet in the lines he was thrown in the street and dragged about 50 yards, when the horse was stopped by a man named Eardley.

Ackerman upon being picked up was unconscious. He was carried to the store of his firm and Doctor Bailey summoned. A hasty examination showed that he had received a large cut on the left side of his forehead, the most serious injury. His left ear was badly cut and a piece of skin about the size of a walnut was torn from his head. No bones were broken, but yesterday afternoon he complained of his neck and shoulder hurting him.

Ackerman is a widower and lives alone in a small shanty in Fairview street, near the Wellsville road. It will be some days before he is able to be out.

# Klondyke

## The Land of Golden Nuggets.

### JOSEPH LADUE,

the new Bonanza King of the Klondyke Gold Regions, gives the facts. His book reads like "The Arabian Nights," BUT Joseph Ladue KNOWS whereof he writes. He was the first man on the spot when the first gold was discovered last August, 1896. He located one rich claim and immediately purchased twelve others at a low price before their value was known. He has refused \$100,000 for any ONE of these claims, as they are rich with virgin gold nuggets, beyond the dream of avarice. Joseph Ladue then

## Established Dawson City

at the mouth of the Klondyke and Yukon Rivers, by erecting the first house in the region in September, one month after the gold was first discovered. He bought 178 acres from the government on the city site where his town lots 150x50 are now selling for \$5,000 each.

Mr. Ladue was fortunate enough to be successful in his trading post investments to have on hand ample capital to carry out his plans, and there is no man living who is better posted on Alaska and the great North West Territories than Mr. Joseph Ladue. He has just returned from that country to his old home in Schuler Falls, N. Y., where he passed a large portion of his boyhood and early manhood. Mr. Ladue left his home nearly twenty years ago to seek his fortune in the west going first to the Black Hills, where he was successful in gold mining, thence to Arizona and the Pacific coast and finally located in Alaska and the northwest, where he has covered almost the entire country since 1882. Mr. Ladue is a typical pioneer: strong, hardy and resolute—a man of iron as one must needs be to go through the hardships he has and come out with a constitution unbroken and unimpaired at about the age of 43. Mr. Ladue has not only worked his muscles to good advantage to himself with the result of an abundance of the world's goods, far beyond the dreams of men, but he has evidently all this time been closely observing the conditions of that strange country—the Yukon Valley—which has so suddenly become one of the great centers upon which human interest throughout the world is focussed.

When the wonderful stories began to come down from the Yukon country it was naturally concluded that it was at least half exaggeration. That any such amount of gold could be taken in so short a time from a country like that under the most most unfavorable conditions was held to be incredible. But when the great bags of virgin gold began to be poured out upon mint counters in San Francisco under the eyes of the whole world (for modern journalism does this, annihilating time and space) people began to wonder and the wonder grew day by day as the real facts were disclosed, and now people who are well informed as to the facts declare that half the truth has not been told of the golden treasures of the Yukon Valley.

As we have already said, there is no man today alive who knows more about this wonderful country than does Mr. Ladue. What makes his talk of it specially interesting and reliable is the fact that his knowledge of it is practical. It has not been gained from hearsay nor from desultory visits made now and then at certain favorable seasons of the year, but from steady living there through the long summer days and the long winter nights, year in and year out for 15 years, where he now owns the best mining claims on the Klondyke and its tributaries.

In presenting his book to the public we do so knowing that it is by an authority on the subject of which he writes. His first work entitled

## "Klondyke Nuggets"

is a brief description of the new gold regions, and anyone desiring authentic information should not fail to avail themselves of our

### NOMINAL OFFER

which places the facts in the possession of our readers. REMEMBER, that our office is the sole distributing point for this locality, having closed exclusive arrangements with Mr. Ladue's publishers.

The cover of the work is beautifully printed in red and gold, the gold showing one of the author's nuggets as nearly as it is possible to reproduce it on paper.

It is easy to secure a copy of "KLONDYKE NUGGETS." Cut out the Coupon and follow instructions.

## DRAGGED IN A STREET

William Ackerman Was Almost Killed.

### HIS BIG HORSE RAN AWAY

The Driver's Feet Became Tangled In the Lines, and He Was Pulled From the Wagon With What Was Feared Would Be Fatal Results.

A runaway in West Market street about 7:30 Saturday evening nearly resulted in the death of William Ackerman, better known as "Kennedy Bill." Ackerman drives for a wholesale liquor firm in West Market street, and as he was nearing Brindley's corner one of the back wheels of his wagon locked in those of a buggy containing Jefferson Tyse and his wife, who were on their way home to California hollow. This frightened Ackerman's horse, and as the jerk the horse gave tangled his feet in the lines he was thrown in the street and dragged about 50 yards, when the horse was stopped by a man named Eardley.

Ackerman upon being picked up was unconscious. He was carried to the store of his firm and Doctor Bailey summoned. A hasty examination showed that he had received a large cut on the left side of his forehead, the most serious injury. His left ear was badly cut and a piece of skin about the size of a walnut was torn from his head. No bones were broken, but yesterday afternoon he complained of his neck and shoulder hurting him.

Ackerman is a widower and lives alone in a small shanty in Fairview street, near the Wellsville road. It will be some days before he is able to be out.

### MAY BUILD THIS FALL.

Prospects of Another Structure In Fifth Street.

J. C. Thompson who recently purchased 25 feet of the property of J. M. Kelly in Fifth street, the other 66 feet and nine inches being purchased at the same time by W. L. Thompson, may decide to erect a building on the ground before winter comes. There is a strong demand for offices and store rooms, and Mr. Thompson may decide to waste no time.

### An Exciting Runaway.

Amsi Berry this morning figured in an exciting runaway. He was driving the delivery wagon of W. H. Travis & Co., in Avondale street, when the horse became frightened and ran away. Mr. Berry was thrown out, and received a severe gash in the chin. When the animal was captured it was found the top of the wagon was torn to shreds.

### Plenty of Freight.

Freight shipments Saturday were very good. The receiving shed was well crowded this morning.

# Klondyke

## The Land of Golden Nuggets.

### JOSEPH LADUE,

the new Bonanza King of the Klondyke Gold Regions, gives the facts. His book reads like "The Arabian Nights," BUT Joseph Ladue KNOWS whereof he writes. He was the first man on the spot when the first gold was discovered last August, 1896. He located one rich claim and immediately purchased twelve others at a low price before their value was known. He has refused \$100,000 for any ONE of these claims, as they are rich with virgin gold nuggets, beyond the dream of avarice. Joseph Ladue then

## Established Dawson City

at the mouth of the Klondyke and Yukon Rivers, by erecting the first house in the region in September, one month after the gold was first discovered. He bought 178 acres from the government on the city site where his town lots 150x50 are now selling for \$5,000 each.

Mr. Ladue was fortunate enough to be successful in his trading post investments to have on hand ample capital to carry out his plans, and there is no man living who is better posted on Alaska and the great North West Territories than Mr. Joseph Ladue. He has just returned from that country to his old home in Schuler Falls, N. Y., where he passed a large portion of his boyhood and early manhood. Mr. Ladue left his home nearly twenty years ago to seek his fortune in the west going first to the Black Hills, where he was successful in gold mining, thence to Arizona and the Pacific coast and finally located in Alaska and the northwest, where he has covered almost the entire country since 1882. Mr. Ladue is a typical pioneer: strong, hardy and resolute—a man of iron as one must needs be to go through the hardships he has and come out with a constitution unbroken and unimpaired at about the age of 43. Mr. Ladue has not only worked his muscles to good advantage to himself with the result of an abundance of the world's goods, far beyond the dreams of men, but he has evidently all this time been closely observing the conditions of that strange country—the Yukon Valley—which has so suddenly become one of the great centers upon which human interest throughout the world is focussed.

When the wonderful stories began to come down from the Yukon country it was naturally concluded that it was at least half exaggeration. That any such amount of gold could be taken in so short a time from a country like that under the most most unfavorable conditions was held to be incredible. But when the great bags of virgin gold began to be poured out upon mint counters in San Francisco under the eyes of the whole world (for modern journalism does this, annihilating time and space) people began to wonder and the wonder grew day by day as the real facts were disclosed, and now people who are well informed as to the facts declare that half the truth has not been told of the golden treasures of the Yukon Valley.

As we have already said, there is no man today alive who knows more about this wonderful country than does Mr. Ladue. What makes his talk of it specially interesting and reliable is the fact that his knowledge of it is practical. It has not been gained from hearsay nor from desultory visits made now and then at certain favorable seasons of the year, but from steady living there through the long summer days and the long winter nights, year in and year out for 15 years, where he now owns the best mining claims on the Klondyke and its tributaries.

In presenting his book to the public we do so knowing that it is by an authority on the subject of which he writes. His first work entitled

## "Klondyke Nuggets"

is a brief description of the new gold regions, and anyone desiring authentic information should not fail to avail themselves of our

which places the facts in the possession of our readers. REMEMBER, that our office is the sole distributing point for this locality, having closed exclusive arrangements with Mr. Ladue's publishers.
